九、书面表达

This morning, our class went to the Fun World Museum.

We met at the school gate at 8 a. m. Then we took a bus to the Fun World Museum. In the museum, we learned about a lot of amazing things. I was surprised to know that snakes eat little or nothing for months in cold winter. Camels live in very dry places, and it is interesting that they can live without water for a long time. I also know that there are only seven bones in a giraffe's neck. It's amazing that there are no bones in the back of elephants' feet and ants can smell things well. What's more, I know about a man. He can write with one hand and draw with the other at the same time.

We had a great time today. We are now living in a wonderful world with lots of amazing things.
