I have a good friend named Olivia. She has a round face and long hair. She looks very cute with her smiling eyes. She works harder than any other student in her class. She has a good sense of humour and she is also very kind. She never says a bad word about others and she can always keep secrets for others. She is fond of taking DIY courses in her free time. She likes making small cakes because they are lovely and taste delicious. She can make birthday cakes for her family. She is crazy about travelling and she has been to lots of places of interest in China.

She hopes to travel around the world when she grows up, because she wants to enjoy the beauty of nature and learn more about the world.

She is such an excellent girl. I hope you will make friends with her one day.
