范文：

China has a history of more than 5,000 years and we are so proud of the profound (源远流长的) culture. There are so many cultural symbolic elements (象征元素) that can represent the richness of Chinese traditional culture.

I like the Mid-Autumn Festival which falls on a day in September or October when the moon looks the brightest in the year. On that day, my family usually enjoy a big dinner. We also eat mooncakes while enjoying the full moon. The round mooncakes and the full moon are symbols of being together. What a special day!

To spread Chinese traditional culture, I think it's a good idea to put posters up in the school so that students can learn a lot from them. Anyway, no culture, no mankind. The traditional culture lies in life, forever continuing. (100 words)
